NDF-041116-01

Gullett, Brian 1:31 PM:

Wow. I don't think I knew about that.

Gullett, Brian 1:32 PM:

No, because it's not accurate in total.

Aurell, Johanna 1:32 PM:

maybe it is due to the article

Aurell, Johanna 1:32 PM:

?

Gullett, Brian 1:32 PM:

I don't see how they got that figure, or the article

Aurell, Johanna 1:33 PM:

from your presentation at the demil symposium

Aurell, Johanna 1:34 PM:

It must be due to the long Radford article that stated that no emissions had been sampled or no data out there

Gullett, Brian 1:34 PM:

but how did they get the figure?

Aurell, Johanna 1:35 PM:

I don't know it also says that we sampled with UAS at Tooele

Gullett, Brian 1:35 PM:

yes. inaccurate.

Gullett, Brian 1:35 PM:

Is that # you gave me your BAE contract #? am I supposed to guess?!

Aurell, Johanna 1:36 PM:

yes that is the PO number

Gullett, Brian 1:36 PM:

Aurell, Johanna 1:36 PM:
